

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions and listings of claims in the application:

Claims 1-13 (Cancelled)

14. (New) A method of treating a hyperacute rejection reaction of a xenograft transplant recipient of a xenograft transplant, which comprises administering a composition comprising at least one compound chosen from (a) a compound of formula 1 and (b) a compound of formula 2 and its physiologically tolerable salts:

15. (New) The method of claim 14, wherein the xenograft is skin, heart, kidney, liver, bone, pancreas, or blood.
